NINETEEN HUNDRED SEVENTY-EIGHT

Psst . . . do you smell it . . . yes, sir, you can smell it . . . a Carroll victory . . . Homecoming victory on SATURDAY, OCTOBER 7th!!

Carroll faces Illinois Wesleyan on that particular Saturday. The college has planned many Homecoming events. The DRU Alumni Association and DRU Active Fraternity have also planned a few activities, which should complement the Homecoming Day "going-ons".

Beginning at 11:00 a.m. the Fraternity house will be open for all to visit, tour, congregate, gab and partake of some refreshments. Hors d'oeuvres will be served throughout the day, along with a choice of various beverages.

At 12:30 p.m. the Alumni Association Business Meeting will commence. By the way, the Actives are offering parking spaces to the Alumni in the fraternity house parking lot for those who come to take in the football game. The spaces will be shared on a first-come, first-served basis.

After the game, there will be a Post Game Open House in order to congregate, discuss the Carroll victory, and finish the hors d'oeuvres and beverages. It should be a great day . . . a day to renew old acquaintances, meet new people, and feel, once again, the warmth of Carroll's good ol' campus.

## S P R I N G ·· Q U A R T E R L Y ·· M E E T I N G

It gives me a great pleasure to announce that on Saturday, April 22, 1978 the Alumni for the second time in a row defeated the Actives in the annual Alumni-Active Basketball Game by a score of 61 to 59. Our victorious warriors included the following:

Mark Lucas, Chuck Radtke, Tom Marks, Stan Riffle,  
Gary Marquardt, Ivan Schaller, Rick Trindl, Bob  
Taylor, Chuck Kohls, Ron Frederking.

I must also mention an oversight in my reporting of last year's Alumni victory over the Active Chapter. Two of the most important Alumni players in that victory were Phil Nagel and Mark Lucas. So at this time, let me pay a belated tribute to those two fellows who really pulled in the points for us and helped us achieve the first Alumni victory ever. By the way, as long as we can keep recruiting these amazons from the Active fraternity, we may have a chance to hold our own in the future.

This year's story would not be complete if I did not report that it appears that our oldest Alumni player has hung up his tennis shoes (by the way, they use to be the only black high-top shoes on the floor). Yes. . . Al Thompson has joined the ranks of those who sit on the side and cheer.

A funny feeling came over me as I played in that game last April. I was having difficulty in determining who the members of my team were . . . and then it dawned upon me that the reason I was having this difficulty was because I had at one time or another played against all members on the floor as Actives, because now I was the oldest person trying to dribble myself up and down the floor. Better start to make room on that sideline, Al.

# SUMMER \* QUARTERLY \* MEETING

Hats off to Stan Riffle for planning and putting together a fun-packed picnic held on Saturday, July 29. The only thing Stan could not guarantee was the weather . . . and indeed it was overcast and a bit chilly . . . but, the brats, corn on the cob, beverages, softball game, volleyball games, and the chance to sit and talk with old friends made one forget that the skies were not sunny.

## NEW 1978-79 EXECUTIVE COMMITTEE MEMBERS:

*President -- Jeff Trader*  
*Past President -- Brian Dunphy*  
*Vice President -- Gary Marquardt*  
*Treasurer -- Al Thompson*  
*Secretary -- Chuck Radtke*  
*Exec. Secretary -- Ron Frederking*  
*Director -- Marv Farwell*  
*Director -- John Macy*

## DUES

Just a reminder . . . if you have not sent Al Thompson your dues for 1978, please do so. Our costs of operation have increased significantly and every dollar is appreciated. His address is 510 S. Ashland Ave., La Grange, IL 60525.

TABLES & CHAIRS -- The Active fraternity is in dire need of card tables and folding chairs which can be used in their meeting room. Would you please contact either me or Al Thompson, if anyone knows where we could pick up such tables and chairs inexpensively, at a discount, FREE . . .

A-n-n-o-u-n-c-i-n-g . . . THE BIG "50" . . .

The history of Delta Rho Upsilon began on November 12, 1929, when it was founded. Our 50th Anniversary will be November 12, 1979 . . . plans are in the making . . . details will follow.

By the way, if you have any ideas, comments, pictures, or suggestions, etc. concerning our 50th celebration, please pass them along.

# MEMO

From your new President . . . .

Have fun and be fun! This is the motto that I signed in a friend's Yearbook in High School. I believe that this phrase still applies today. We all should have a good experience through our involvement in the Delta Rho Upsilon Alumni Association ("Have Fun"), but also contribute to that experience for the benefit of everyone ("Be Fun"). I am looking forward to working with the new Executive Board and with all of you as members of the Delta Rho Upsilon Alumni Association.

I feel that this will be a very interesting two year term. Our group is the best alumni association on Carroll's campus. We have that position today because of the fine support shown by individual members of the association. Everyone can contribute in their own way. For some it will be by maintaining membership and keeping us informed of important happenings in their lives; for others, it will be through active participation in social activities or committee involvement. I would appreciate feedback from any member who would like to become more involved with the association.

Hopefully, my term in office will be a rewarding experience for all of you. I hope to accomplish this by maintaining good open communication backed with responsible feedback.

I would like to take this opportunity to announce that Stan Riffel and Rick Webster have taken on the positions of Social Chairman and Membership Chairman respectively. Their input will contribute to our continued growth and success.

The entire Board would like you to meet with them at the Delta Rho House before or after Carroll's Homecoming Football Game.

Kind personal regards,

Jeff N. Trader

Daniel T. Price - '64  
1631 8th Ave.  
Delano, CA 93215

Dan, thanks once again for keeping us posted as you move around the country. You're really good about that, and we appreciate it. Dan is the Planning Dir. for the City of Delano. He and Gail are now the proud parents of their first born, Jeffrey Stuart Price, born on St. Patrick's Day 1978. Dan reports that John Inman (class of '64) recently visited him on his way thru Delano. By the way, Delano is famous for its grapes used in wine production and Dan is always ready to take any DRU Alumni guests to the nearby Perelli-Minetti Winery to sample the product. By gum, everything seems to work out ... you see, Dan is a tall, lanky lad who is not only known as a nice guy and just another pretty face, but for his large feet. The 'old grape stomper' has found a home ... may he s-q-u-i-i-i-s-h in peace.

Meryl D. Doyle - '37  
1375 Bel Aire Rd.  
San Mateo, CA 94402

Meryl is the Emp. Relations Officer for San Mateo County-California. Meryl and his wife, Margory (Pratt) have a son who is a Captain in the U.S. Army and a daughter who is a librarian. He states that he is active in Competitive Rifle shooting, photography, and golf, and has been quite active in the Wisconsin, Illinois and No. California Chapters of the American Society for Training and Development. In fact, he is Past President and Member of the Board of Directors, as well as National Conference Chairman. Meryl listed a background and experiences which have been quite full and includes: High school teacher, Richland Center-- Training Director for federal agencies, Miller Brewing Co., Kraft Foods, Colgate Palmolive and San Mateo County. He's been a Sales Training Director, as well as an Assistant Professor at the Univ. of Wis. Management Institute ... and is a retired Lt.Cdr. of the U.S. Navy Supply Corps Reserve. By the way, Meryl states

Stillwater, OK 74074

"Spot" is a Student Graduate Assistant in the Chemical Dept. of Oklahoma State Univ. As Joe puts it . . . he's trying to stay off the streets at night. Still finds time for softball, water skiing, snow skiing and backgammon. Joe reports that Oklahoma is not a bad place to live, that is, if you don't mind hot weather and lots of weird bugs. Also, he misses a lot of good Wisconsin cheese that seems to never make it down to Oklahoma. He finds it difficult to take in a Milwaukee Brewer baseball game and has to drive 5 hours either to Dallas or Kansas City in order to do so, and although Lone Star Beer is OK, it doesn't compare to a brat and beer at Milwaukee County Stadium. Now that's a true Milwaukee Brewer fan!!

that while he taught with the Univ. of Wis. Management Institute, he worked side by side with a man that I have taken some courses from, and I would not be surprised if others of you have as well ... Norman Allhiser. Meryl cites that Norman was a Pioneer member at Carroll in 1936.

Bruce Deadman - '76  
600 S. Dayton 1-302  
Denver, CO 80231

Bruce is a law student at the University of Denver and a law clerk with a local law firm. On August 13, 1977 he married Virginia Riggs (Chi O, '76). He is involved with all of those nice Colorado activities like skiing, hiking, camping, fishing, shooting, as well as the church choir. There is a 50/50 chance that Bruce and Virginia will be returning to Wisconsin after graduation. Colorado may be pretty hard to leave, Bruce.

Gerry is with the Saga Corporation, Dir. of Food Services. He and his wife, Louise have a two year old son by the name of Nathan. Gerry enjoys sailing and gardening when time permits, but Saga Foods manages to keep him pretty busy. Saga manages the food service for Clarkson College of Technology (enrollment 3400). Gerry joined Saga a year after graduation following a short stint as a Special Education teacher. Traveling with the company, he and his family have managed to live and work in all of the New England states. Gerry expressed amazement at how the Alumni Association and Active fraternities have grown and progressed since he graduated. He states that he's been at a number of college and university campuses over the past 8 yrs. and his experience with "Greeks" does not compare at all with the 4 years he spent at Carroll. He says that all fraternities and sororities at Carroll should be proud of their very special and positive relationship with

their school. Delta Rho has provided Gerry with many strong, personal feelings for the "brothers" as well as many fine memories. He also would like to know the following:

1. Who is living in "the Chapel" today?
2. Where is Kraut Hennig, Gator and the Stump, "Waukesha Metz"?
3. Where is Fast Peter Williams? Grandpa Marone? "Fruit" Marxy? Bladowsky?

Gerry, it was especially good to hear from you since we kind of lost track after you graduated. Please continue to keep in touch and ya'll come back once in awhile.

 Wausau, WI 54401

Francis has just retired from the position of Personnel Manager for a Health Care Center. He will now have more time for his hobbies, which include stamp collecting and woodcarving, traveling and golf. Good to hear from you, Francis.

John L. Burgermeister - '34  
 1225 N. Belmont Ave.  
 Arlington Heights, IL 60004

John, good to hear from you. He is still self-employed (owner of a medical laboratory) and is a Medical Laboratory Technician. John sadly reports that his wife passed away a year ago of cancer. Their two children graduated from college and have produced 4 grandchildren. His daughter is married to a minister and lives in Michigan, and his son lives in Colorado. John likes to golf, fish and knit. Historically, John spent 5 years in the Army at Mayo Gen. Hospital as a Master Sergeant in charge of the laboratory. Since his discharge, he has been involved with his own medical laboratory. He is now 67 years young and still working. He attends Homecoming quite regularly with Don Van Ness. By the way, John says "hello" to "Skinny Pfeiffer".

Rick is President of the Waukesha Merchants Credit Bureau, Inc. It's one of three credit reporting companies which he, his father and brother operate. Rick and Kathy were blessed with a son, Craig Eric, on 10-16-77 ... and Rick reports that Craig looks just like him, minus the beard. Rick, I'm in a charitable mood today - so I just left that lay there - but, oh boy!!

He is still very active in the Wauwatosa Jaycees. In fact, he was Intern'l. Vice President last year and has a shot at being President. Rick still plays a lot of softball and basketball, and is interested in photography. I might add that Rick has been a major contributor to the Alumni basketball victories over the Actives the past 2 years.

Rick and Kathy have just completed building a new home in the town of Pewaukee. If anyone is looking for a nice ranch home with 2 bedrooms and den, on a 90' x 140' wooded lot in Wauwatosa, give Rick a call, has he got a deal for you!

Ira has been on our 'lost list' for quite awhile, however, Dick Miller sent us a note sometime back which included Ira's address ... thus, Ira is now in the land of the found. Upon discovering he was found, Ira wrote us a very nice letter which included information such as - after graduating from Carroll in 1951 he attended seminary and received his degree in Theology and was ordained a priest. After serving in several Episcopal parishes, he had a call to be a physician and psychiatrist. He received his M.D. from the Univ. of Maryland in 1967, served his internship and residency in Psychiatry and
